Cattle Company | Oakes, ND

QB CATTLE CO. *11th Annual*  
**BULL SALE**  
**02.21.23**

**AT THE FARM** | 11020 93<sup>RD</sup> ST. SE | OAKES, ND

# Welcome!

Quandt Cattle Company would like to welcome you to our 11th annual sale. We are extremely grateful for your interest in our cattle. The cattle are backed by exceptional cow families that make up our 350 head herd. Years of focus on genetics and phenotype that get the job done is what led to this lineup of bulls that can fit the bill in any operation. No matter what your production goals are, there's a bull in here for you. Quandt Cattle Company is a family owned and operated farm and ranch backed by generations of agriculturalists and cattle enthusiasts with a passion for this industry. Study the bulls in this offering and you will find versatile breeding pieces that can meet a variety of production goals. From heifer bulls to rugged power bulls and everything in between there's a bull in here that can check all the boxes on your list. We thank you for your interest in our sale and look forward to matching your goals with the right herd bull to get the job done. **Come view the bulls prior to Sunday, February 19 and receive \$100 sale credit towards this year's sale.**

We hope you share our enthusiasm and anticipation for our 11th Annual Quandt Cattle Company bull sale! Your presence is our greatest hope. Pre-sale inquiries are encouraged by contacting either Jason or Gabe Quandt. We would like to thank you for your interest in our cattle!

## **Embryo Transfer Calves**

ET calves tend to have higher birth weights.

Calves BW's have tendencies to follow receipt  
dams. Use EPDs for birthweights on ET calves.

## **Delivery**

Free Delivery of Bulls in North Dakota and  
North Eastern South Dakota. We will also try to  
assist in getting cattle shipped further away, if  
needed.

## **ADG**

ADG on the bulls is a 114 day feed test

# General Information

## HERD HEALTH

All the bulls selling in the Quandt Cattle Company Annual Bull Sale have received vaccination against the major respiratory, clostridial and reproductive diseases. They have all been fully vaccinated for IBR, BRSV, BVD Types 1 & 2, PI3 and Histophilus as well as Mannheimia/Pastuerella. The bulls have been treated for internal and external parasites using approved topical and systemic products. The herd these bulls originate from has voluntarily tested all breeding animals, including new additions and sires for Johne's disease for 10 years.

## SALE TERMS & CONDITIONS

All cattle will sell under terms and conditions adopted by the American Simmental Association. Each animal becomes property and therefore is also at the risk of the purchaser after sold. We guarantee all bulls are healthy on sale day. For animals not going home sale day, we suggest insuring. We will feed the bulls until April 1st free of charge. After April 1st, if the buyer can't receive the animal, we will charge a per-day feed charge. We guarantee all bulls to be breeders and we reserve the right to test any bull in question as a non-breeder for a reasonable amount of time before making an adjustment. If the bull is declared a sound breeder by a veterinarian, he will be returned to buyer. In case adjustment is required, it will be made with a replacement of equal value to the animal in question, credit on purchase of another animal, or return of purchase price. Quandt Brothers is not responsible for accidents.

## SEMEN INTEREST

Quandt Cattle Company are selling all bulls in their entirety. Full possession, and 100% semen interest in all bulls will be sold. Quandt Cattle Company does reserve the right to in-herd use semen on any bull in the sale, at the cost of collection. Should the need arise for us to collect semen on a bull in your possession, it would be done at our expense and your convenience.

## ONLINE BIDDING

**Can't make the sale? Bid from home with DV Auction's FREE internet bidding**

**Buying online is as easy as 1,2,3...**

- Create an account at [dvauction.com](http://dvauction.com) under the "register" tab.
- Apply for bidding approval by clicking on the "details" tab at least 24 hours prior to the auction. A DV Representative will notify you once you have been approved.
- Tune in for the sale and make your purchase!

After the sale, contact the sale manager to arrange transportation and payment. High speed internet is required for successful bidding-be sure to check the lag-time monitor in the top left corner to ensure real time broadcasts. Proxy-Bidding - if you can't make time to watch the sale, register to proxy bid and let our system represent your bid while you're away. Look for the "proxy bid" tab on the auction listing, and fill in your maximum bids. We'll handle the rest. Having Trouble? During the auction, you can type a message to the operator at any time for assistance. Our full-time support team can also always be reached at 402-474-5557.

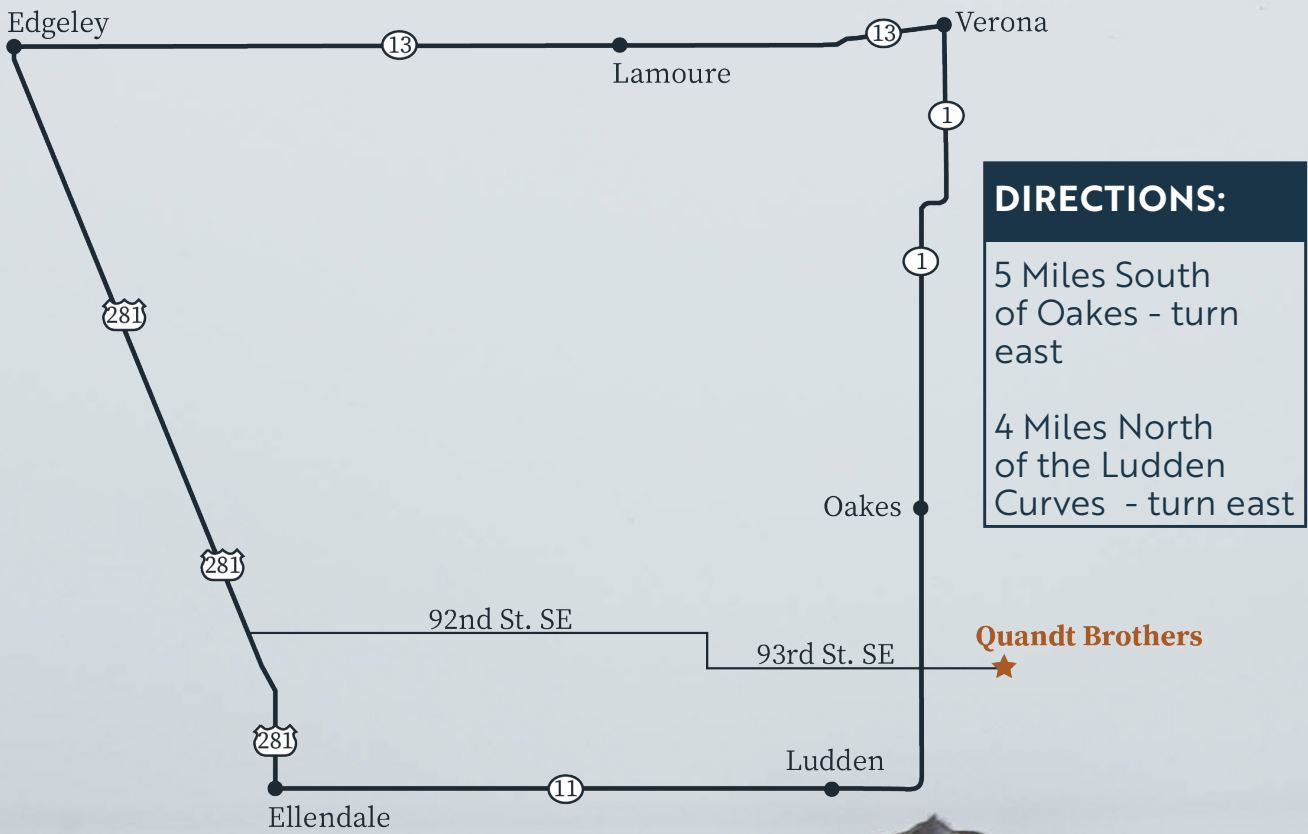

**This sale will be broadcast live on the internet.**

**DVAuction**  
**Broadcasting Real-Time Auctions**

**Real time bidding & proxy bidding available.**

Starting off this year's catalog with a bang. This Ironsides son may be the best calf we have ever raised. This bull has all the growth and power you would want along with being clean headed and smooth shouldered. He is also very well balanced for his size. Backed by a solid cow family this is calf is hard to miss.

Here's a great pair of flush brothers that are backed by a well-established cow family in our program. Their dam, D662 has averages 9,000 on 9 bulls over the past sales and has 7 bulls in this year's sale. Two full sisters to these bulls sold on the annual state sale this year and averaged 7,500. Also, a full brother to these two sold on last year's sale for 13,000. These bulls pose the same frame and power that their full siblings all had. Really good representation of what D662 and Ironsides produce.

This bull starts off the next sire group along with the next four bull being full flush brothers out of the D662 cow. All these bulls express a lot of great traits and I feel this guy has a little bit more. Having 8 traits in the top 35%. This group of calves are strong topped thick middled and along with that are very wide from behind.

The only calf we got out of this flush and the next three calves are out of the great z458 cow. This is our last calves out of the cow, and she produced till the end. She has raised over 20 bull calves over the last 8 years and has averaged 7500 for them. This calf represents what she raises thick topped and stout. A lot of depth a performance to this calf.

Pretty flashy calf here that is very complete. He is a little more moderate calf but still has a lot of growth.

# ADDITIONAL INFORMATION

## \$100 SALE CREDIT

Anyone who makes the trip to evaluate this year's herd bull prospects prior to Sunday, February 19, 2023, will receive \$100 in sale credit to be used in this year's sale. We want you to see these bulls in person and get to know our operation. Give Jason or Gabe a call to schedule a viewing. **JASON QUANDT** 701-710-0080 | **GABE QUANDT** 701-408-9154

## SCROTAL MEASUREMENTS

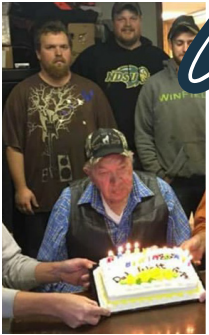

The scrotal circumference of each bull was tape-measured on January 14, 2023. The scrotal measurements were adjusted to yearling, and sometimes will vary one way or another as actual yearlings. We guarantee our bulls 100% for fertility, unless damage is induced at your ranch and it's out of our control. Scrotal measurements were done by Dr. Collin Galbreath.

### RECOMMENDATIONS FOR SCROTAL CIRCUMFERENCE

Months of Age	12-14	15-20	21-30	30+	
Scrotal cm	35	37	39	49	Excellent
	30-35	31-37	32-39	33-40	Good
	30	31	32	33	Poor

# Walt's Legacy Lives On

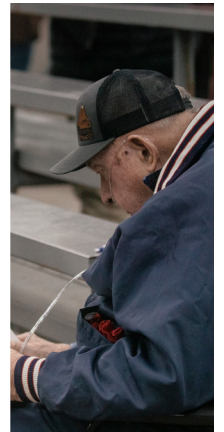

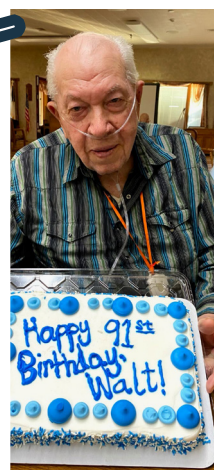

**Our patriarch, Walt, has gone to watch over his "herd" from the heavens.**

We celebrate this great man who leaves behind 9 families that will continue to ranch and farm and carry on his amazing legacy.

We were lucky enough to be raised by a man that has taught us the ways of a herdsman; hard work, dedication, the importance of faith and love of family. Even though there were struggles and hard times, he persevered and always saw the value in life's blessings.

Walter never missed a QB Bull Sale nor his daily cattle checks until he entered the nursing home at the age of 91. Even after, he was able to get the "boys" to take him to check the cows.

Although he checked the cows for the very last time here on Earth, we know he will continue to watch over his herd.

# NOTES

This image shows a blank sheet of white paper with horizontal ruling lines. The lines are evenly spaced and run across the width of the page. There are no margins, text, or other markings on the paper.

# THANK YOU.
